
IDENTIFY CONCERNS

The Blair-Taylor FCCLA chapter has never been active in the school.
People in the community do not know what FCCLA is or what it is about.
The school hired a new Family and Consumer Science teacher.

SET A GOAL

Our goal is to create a website for our school, community and our members to use to gain knowledge about FCCLA and to showcase our program of work.

FORM A PLAN (WHO, WHAT, WHEN, WHERE, HOW, COST, RESOURCES, AND EVALUATION)

Who: Tyler Kirchner and Adam Gill
What: Create a Blair-Taylor FCCLA website that can be linked to our school district website.
When: Beginning of the 2017-2018 school year.
Where: Blair-Taylor Family and Consumer Science Dept.
How: Gathered information from Mrs. Gill, FCCLA website, and members who are doing STAR events.
Cost: Zero cost
Resources: prior coursework in Web design and computer applications. Chromebooks

ACT

Created a website for the new Blair-Taylor FCCLA.
Interviewed Mrs. Gill, members, FCCLA officers, and administration.
Combed through the National FCCLA website for information to share on the web page.

FOLLOW UP

We will be interested in watching the number of views to see if we are making an impact on the knowledge about FCCLA. We also will be updating the information as needed after the March 15th lock-out deadline. We will be looking carefully at the questions people post on the site and taking the time to answer them, so hopefully we will increase our membership every year.
